

# Mobile Emergency RESPONSE PLAN

Thank you for purchasing the Safeguard Risk Solutions, **Mobile Emergency Response Plan**.

Below you will find 3 separate web links and a description of each. Please forward one of the links to every employee depending which job description that they fall under. Each web link provides a short video as well as printed material describing how to sign on and use the Mobile Emergency Response Plan.

## Level 1 Administrator

[tutorials.mobileemergencyresponseplan.com/level-1-administrator/](https://tutorials.mobileemergencyresponseplan.com/level-1-administrator/)

This link provides a short video as well as printed material showing the Level 1 Administrator how to log on, set up and customize the plans for your organization.

## Level 2 Administrator

[tutorials.mobileemergencyresponseplan.com/level-2-administrator/](https://tutorials.mobileemergencyresponseplan.com/level-2-administrator/)

This link should be forwarded to every Incident Commander in your organization. You now have access to a short video as well as printed material showing your Incident Commanders how to log onto and use the Mobile Emergency Response Plan.

## Building/Transportation Personnel

[tutorials.mobileemergencyresponseplan.com/building-and-transportation/](https://tutorials.mobileemergencyresponseplan.com/building-and-transportation/)

This link should be forwarded to your employees and any other personnel that will not be serving as an Incident Commander. You have access to a short video as well as printed material showing your employees how to log onto and use the Mobile Emergency Response Plan.
