

# Go Mobile with Student Safety

Provided by the creators of Rave Alert, the most trusted emergency notification platform in higher education.

- > **Prevent incidents** before they occur.
- > **Reduce severity** if they do.

## Safety Timer

Students walking alone can set a Safety Timer and select Guardians to monitor the session. If the Safety Timer expires, Campus Safety is immediately notified with the student's location and Safety Profile to help.

## Safety Profile

Students can provide key information such as residence details and medical conditions in a Safety Profile to display to Campus Safety and Smart911 enabled 9-1-1 centers when they need assistance.

## Panic Call Button

Students can immediately call Campus Safety, providing their GPS location and Safety Profile.

## Guardians

Students can invite Campus Safety, friends, roommates, and family as "Guardians" to be part of their virtual safety network.

## Anonymous Tips

Students can discreetly submit 2-way anonymous tips with text and images to report bullying, sexual assault, binge drinking, and other issues.

## Rave Alerts

Students can receive messages from Rave Alert directly through the App. Safety officials can target messages specifically to Rave Guardian users, or notify them as one of multiple delivery modes.

# Public Safety Grade Technology

- **Comprehensive reporting** – key usage metrics and graphs showing tip and event types over time, event audit trails, and more.
- **Multi-campus** – supports large college and university communities with unique configurations for each campus; links students to closest safety resources.
- **SmartLoader** – enterprise integration to keep info up-to-date.
- **Easily integrates** into existing campus applications.
- **Secure, geo-redundant**, highly available, backed by 24x7 support.

## Marketing Support and Services

Rave Guardian is free for your students and fits seamlessly into their always-on mobile lifestyle. A Rave Guardian toolkit with a step-by-step marketing guide and customizable marketing collateral will help your campus successfully launch Rave Guardian.

### Additional Marketing Program and Event Management Support Includes:

- Customized marketing project plan and twice quarterly executive check-in calls.
- Re-branding of marketing materials for your campus.
- Support of the Campus Guardian coordinator with tactical assistance and marketing funds.

*“The student only had to press one button to connect with Campus Police... Rave Guardian was used to get to the scene quicker... It was here and it helped... Does Rave Guardian work? Absolutely. Do our students feel comfortable using Guardian? Absolutely.”*

STEPHEN DAVIS, DIRECTOR OF CAMPUS SAFETY  
MARYLAND INSTITUTE COLLEGE OF ART
